

SUM WARDROBE LOCKERS WITH 300MM COMPARTMENT

Description

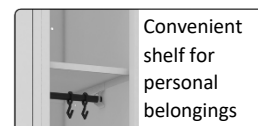

SUM is a family of wardrobe lockers equipped with a shelf, rod with two hooks for clothes, mirror, self-adhesive nameplate, additional hook on the door and ventilation holes to increase air circulation. The solid construction of the locker makes it possible to put them on legs, on socle or a base with a seat and a shoe shelf, as well as to mount a slanted top.

Additionally, they are available in 16 colours, allowing you to create colourful arrangements for any interior without extra charge. SUM lockers are used in every employee changing room, school changing room and in gyms. You can also give them an original look by ordering doors with your favourite graphics. Lockers are delivered completely and require no assembly.

Code	WSU 0101020102	WSU 0102020102	WSU 0103020102	WSU 0104020102
Dimensions (HxWxD)	1800 x 300 x 500 mm	1800 x 600 x 500 mm	1800 x 900 x 500 mm	1800 x 1200 x 500 mm
Number of segments	1	2	3	4
Partition wall	✗	✗	✗	✗
	Locker with legs available as SUM 311W	Locker with legs available as SUM 321W	Locker with legs available as SUM 331W	Locker with legs available as SUM 341W
Feet adjustable from 0-10 mm help level the cabinet.				
	A base with a seat is available at an additional cost. Adjustable 0-10 mm feet help to level, raise and stabilize the cabinet. The bases, apart from a place to sit, enable the installation of a shoe shelf. Various types of seats are available: wooden or PVC.			
	Slanted top is available at extra charge. It helps in keeping the locker clean, in addition, the 22° angle of the slanted top prevents unwanted items from being left on top of the cabinet.			
	A shoe shelf is available for an extra charge. It provides additional space for your shoes. The perforated shelf allows water to drain and speeds up the drying of shoes.			

Description of markings

The 5-year warranty proves that we are confident in our products due to the high quality of execution and their reliability. We want you to feel safe and be satisfied with the cooperation with us.

The ISO certificate confirms compliance with standards and the high quality of products and services we offer.

We offer 16 colors from the RAL palette - as standard. Therefore our furniture fits to any interior

The use of zirconium coating technology provides a very good protection against corrosion. Additionally, this process improves paint adhesion

PZH hygienic certificate is granted for a product that does not adversely affect human health and the natural environment..

We test lockers in our own laboratory, the Research and Development Center (CBR). This ensures that the tests are comprehensive and carried out correctly..

Our perforation is well thought out, delicate and subtle. It guarantees adequate ventilation and fits perfectly into modern workplaces.
