VENTED BRUTE® 32 GAL HIGH VISIBILITY ORANGE

OSHA has recognized visibility as a driver for worker safety. The High Visibility Vented BRUTE® Container was designed with visual distinction to help improve safety in the workplace. The bright color creates high contrast against a variety of backgrounds for quick identification. Innovative venting channels make lifting out liners up to 50% easier, improving productivity, and reducing the risk of injury. The proprietary design constructed with the highest quality material plus a UV inhibitor ensures long life in even the most extreme commercial environments. Guaranteed to never fade, warp, crack, or crush.

FEATURES & BENEFITS

- Integrated cinches secure the liner, allowing for efficient knot free liner changes.
- Available in colors that are highest on the chromaticity scale, providing visual color cues to support safety.
- Rounded handles make lifting and moving easier, and are reinforced to resist tearing or damage from even the heaviest loads.
- Reinforced base is specifically engineered to be dragged over rough surfaces, extending life and overall durability even in the toughest environments.
- Contoured base handles improve grip and ergonomics, reducing strain and improving efficiency when emptying containers.
- Rim features integrated rib structure to increase strength and resist crushing.
- Stackable design enables nesting for easy transport and storage
